ANOTHER PUZZLING DESIGN.

JACK BRANDT remarks that recently he obtained a different 'elaborate design' to the one mentioned in Bulletin 242,243 and now in this issue. It is listed in the Edwards Catalogue as Design 0970. It is not in Tilles or Van Lint.

This copy is on a ½d orange Victoria Jubilee issue and is cancelled Birmingham, Feb 3, 1900. So two copies exist at least.

Who used it and why or what is the design? Any ideas?
